OVERHEAD SIGNAGE CHANGES ON INTERSTATE 93
AT BEDFORD AND HOOKSETT TOLL PLAZAS
WILL REQUIRE OCCASIONAL LANE CLOSURES

The New Hampshire Department of Transportation announces overhead signage work, including EZ-Pass advanced overhead signage, will begin on Monday, February 6, 2006 on Interstate 93 from the Bedford Tolls to the Hooksett Tolls. This work will begin in Bedford and proceed north to Hooksett and is expected to take approximately two weeks to complete. In the event of inclement weather, this timeframe will be extended.

Motorists traveling on Interstate 93 during this time period should expect occasional daytime and nighttime lane closures in both directions. Variable message boards and cones will alert motorists and guide them through the work zone.
